2014

The dream was born

Whilst on a road trip in France, brothers Ollie and Neill dreamed of bringing roof tents to the masses. They loved the freedom of the concept and have a passion for the outdoors.

Our first warehouse

After a lot of hard work testing prototypes and building the company up, we moved into our first big warehouse in 2017 and that's when things properly started to take off.

As the business has grown, so has the community. We're proud to say in 2023 we saw our community grow to over 20,000 TentBoxers worldwide. Will you be joining us?
